

Orbis

Remote & Hybrid Work Policy

Category	Work
Policy Owner	Human Resources
Effective Date	January 1, 2026
Next Review Date	January 1, 2028
Applies To	All employees whose role permits remote work

1. Purpose

This Policy sets out how Orbis employees work remotely, what is expected of them when they do, and what support the company provides. It supplements the Work Policy, which governs working hours and workplace conduct generally.

2. Working Models

Model	Pattern	Eligibility
Office-based	5 days a week on site	Roles requiring physical presence, including IT Support and Facilities
Hybrid (default)	Minimum 2 days a week on site	Most roles, after confirmation of probation
Fully remote	No fixed office attendance	By exception, with Department Head and HR approval

Employees on probation work from the office to support onboarding, unless their manager agrees otherwise in writing. Teams may set fixed anchor days so that colleagues overlap on site.

3. Requesting Remote Work

Requests are raised in the HR system and approved by the reporting manager. Approval considers the nature of the role, performance, and the needs of the team. A hybrid arrangement may be reviewed if performance or collaboration is affected, with at least two weeks' notice of any change.

4. Expectations While Working Remotely

- **Core hours:** reachable between 11:00 and 17:00 IST, whatever the working pattern.
- **Availability:** calendars kept current, and status updated when away from the desk for an extended period.
- **Connectivity:** a stable internet connection adequate for video calls; reimbursed as set out in the Compensation and Benefits Policy.
- **Workspace:** a quiet space suitable for confidential conversations.
- **Security:** company devices only, on a password-protected network. Public Wi-Fi requires the company VPN. See the Data Privacy Policy.

5. Equipment and Reimbursement

Orbis provides a laptop and the software needed for the role. A one-time work-from-home setup allowance of INR 15,000 is available for a desk, chair or monitor, claimed with bills through the HR system. Internet and mobile costs are reimbursed up to INR 1,500 per month. Equipment remains company property and is returned on separation, as described in the Employment Lifecycle Policy.

6. Working from Another Location

Employees may work from a location other than their registered base for up to 30 calendar days a year with manager approval. Working from outside India requires prior approval from HR and Finance, because it carries tax and immigration consequences for both the employee and the company. Approval is not automatic and is limited to 15 days a year.

7. Health, Safety and Working Time

Remote workers are covered by the same insurance and wellbeing provisions as office-based staff, and are expected to take regular breaks and to disconnect outside working hours. Employees are not expected to respond to messages outside their working pattern except where an on-call rota applies. Work-related injury while working remotely should be reported to HR on the day it occurs.

8. Meetings and Inclusion

Meetings with any remote participant are run as remote-first: a video link is provided, decisions are recorded in writing, and materials are circulated in advance. Managers are responsible for ensuring remote team members have equal access to information, development opportunities and recognition.
